

SOCIETY FOR THE STUDY OF
CELIAC DISEASE

Dear SSCD Members:

Please find attached the first issue of the SSCD Celiac Disease Literature alert covering all relevant literature published between January 1-31, 2019

The Celiac Disease Alert Service is a free service provided courtesy of the SSCD ([Society for the Study of Celiac Disease](#)) and the WGO ([World Gastroenterology Organisation](#)).

Customised searches and document delivery maybe arranged on request addressed to the WGO's ['Ask a Librarian Service'](#).

The Alert is based on 'Precise' searches in the Medline-Pubmed database. Embase may be added on request if a special highly sensitive search strategy is required for strictly 'evidence-based' purposes.

The search will be delivered to the SSCD every first day of the month in 'abstract' format for further distribution.

All good wishes

Dr. Justus Krabshuis
Tourtoirac, France
